SMArt contributes to a book on migration in the Alps

Alpine Refugees. Immigration at the core of Europe

This collection of essays highlights how given Alpine territories in Austria, Italy, and Switzerland are currently facing challenges imposed by migration, the barriers and limitations they are encountering, and the extent to which migration triggers policy and territorial innovations that can generate beneficial impacts for both migrants and local inhabitants.

The article on SMArt shows how an artistic project can positively influence the culture of welcome in a region and contribute to the integration of refugees, with two concrete examples : Lavonne Bosman, *Light of hope* and M'hammed Kilito, *On est ensemble*.
